Put Finishing Touches on Laurel Track for Races

Finishing touches to the numerous improvements that Manager Winn has been making at Laurel Park in preparation for the October race meeting, which begins a week from tomorrow, will be had this week, and when the gates are thrown open next Monday patrons of Laurel Park in the past will hardly know the place. One of the important improvements made for the convenience of the public is the building of an additional tunnel at the railroad terminal, which will give greater space for the ingress and egress of the racegoers.

Heretofore the people from Baltimore and Washington have had to use one tunnel from the railroad to the entrance of the clubhouse, and it is planned to make it easy to take care of the crowds and there will be no congestion as formerly. The paddock has been reconstructed and raised off so that the public can have ample opportunity to watch the races before their contests, and at the same time be free from danger of flying heels. A new secretary's office and jockeys' room has been built north of the paddock and the old structure that served for this purpose removed.

Steeplechasing is to be one of the features of the meeting. The jumping stakes are among the fixed events, and these have among the entries the best of the cross-country performers, including Wild, Lough, Foy, Bonny Laddie, Exton, Distant Shore, Shannon River, Sun King and Waterworn. The steeplechase course has been pronounced by horsemen one of the best in the country.

The clubhouse this year will be one of the interesting and popular places on the course. Many society folk have taken boxes for the meeting and the club membership has grown largely. Numerous luncheons and after-race dinners have been arranged, and it is planned as last year to give several tea-dances after the races are over.

Many thoroughbreds are already at the track. The latest arrivals were the horses of August Belmont and Willis Sharp. The Belmont string, which comprised of imported 3-year-olds which have never started in this country. They include a brother to Rock View and another to Half Rock. The older horses including Stromboli which are now at the track to Laurel Park this week. Among the half-dozen thoroughbreds belonging to Mr. Kilmer is Tom McTaggart, a star 2-year-old, by Chutanunda, which Mr. Kilmer purchased from the Brighton Stable a few weeks ago for \$12,500. Others in the Kilmer lot are the imported 2-year-olds War Doll, Hather, and Election. Tom Healey, who trains the big string, owned by R. T. Wilson, wrote that he will ship from Havre de Grace next Wednesday. Other shipments will be made tomorrow and Tuesday.

There are already at the track about 200 horses, and when the Havre de Grace contingent arrives all of the 1,100 stalls inside the course and some seventy-five outside will be filled. This will insure big fields and lively speculation.

Many horses were on the track yesterday, and trainers who worked their charges all declared that the Laurel course this year will be faster than at any time in its history. Miles better than 1:28 before the meeting is many days old are prophesied by Col. R. A. Johnson, president of the association, and Harry Breivogel, assistant to Manager Winn. The rain of Friday night had little effect on the going and the track yesterday was in fine condition.

Lewis Garth had all of the big strings of horses under his care out for exercise. He schooled the green jumper Shyness through the field and the mare took to the jumping game like a veteran. She undoubtedly is a good one. Distant Shore was another that got some lessons. This one was purchased at Saratoga for \$4,000 by Richard Wallach. Garth gave the imported 3-year-old, Crimpier, which runs in Pal Parr's colors, a good stiff work and good horse for the opening day. Some string of horses are promised in the twenty-six days of racing. All the stars of the turf are entered in the various stakes.

The Finn Outsteps Field In Havre de Grace Classic

Beats Roamer and Stromboli
in Feature Race at Harford
County Course.

By GEORGE B. MORRIS.

Havre de Grace, Md., Sept. 23.—It was a banner crowd that turned out at the Harford course today to witness the running of the best card that has been offered at this meeting. The fact that celebrities were to battle for honors in the Havre de Grace handicap, with \$2,500 added, was the magnet that was responsible for the monster attendance.

One marinating feature to the day's sport was the fact that heavy rain fell during the night and which was responsible for the track being about two seconds slower than yesterday.

The initial number, made up of maiden fillies, an affair at five furlongs of cheap selling platters brought a field of nine horses to the barrier. Melting Moments, an imported horse, showed the way until the back stretch was reached, where there was a general closing-up. In the meantime, Glorine, who saved ground, got to the front and was never there after headed. Velour was second and Lady Bob third.

The next event, a steeplechase at about two miles, was won by Racebrook, who moved up stoutly at the thirteenth jump and saved a lot of ground, while Abdon lost at least eight lengths at the same jump. March Court was third and the favorite, Bachelor, fourth. It was a pretty race all through the field and had Abdon not lost so much ground on the turn home he probably would have won. Chatterbox pulled the beans in the third race when Hanabalee ran out of the money. Almee T., who was off badly, made up a lot of ground and was going fastest at the finish. Sandal was third.

The feature race of the day, the Havre de Grace Handicap, at a mile and a furlong, brought the classiest field of horses to the post that have met at this meeting. It included among the field Roamer, Stromboli, The Finn, Borrow, Bayberry, Candle, Short Grass, Spur and other classy horses. The Finn was returned the winner, beating his field handily in 1:52 1/5, or within one second of the track record. Considering the fact that he is a remarkable performer, James Butler's Spur was second and Borrow third. The winner ran exactly the same kind of a race that he ran with the same horses in the Chesterbrook Handicap last Saturday, and there is no doubt that he is the greatest handicap horse in training. He has met all conditions asked of him and has proven worthy of the confidence reposed in him by the public.

Roamer ran a disappointing race, and evidently this Knight Errant-Rose Tree gelding is not the great horse he was last year. Starter Milton got the field away in great shape, and the winner was much the best. Short Grass ran a disappointing race. He was up closer than usual, but did not make his usual stretch run.

The fifth race for maiden 2-year-olds at five furlongs was won by Battle, who easily disposed of Deckmate and Friendless. The latter was a hot favorite. The balance of the card was very ordinary.
